SUB: Provision of Communication Support in sector-30, Panchkula

Dear Sir,

We would like to bring it to your notice that we are developing a Group Housing Colony in Sector-30, Panchkula. The Department of Town & Country Planning, Govt. Of Haryana has issued license to us for the same. Copies of license & LOI issued by Govt. Of Haryana are enclosed.

We are likely to construct approx. 800 units in this Complex which will require communication service backup to include landline & broadband services. This sector is a new sector & we have been told that the area where this sector is being developed presently falls in the Jurisdiction of Haryana Circle (Kalka). However, since this is being developed as an authorized sector of HUDA, we feel it would be prudent for your department to take up a case for including this area in Chandigarh circle & make arrangements to provide the requisite communication backup. It would be prudent to highlight that sector-25-28 which are opposite to this location are being provided communication support by your circle.

You are therefore, requested to consider our request on priority & confirm.

Thanking You
Yours Sincerely

Lt Col (Retd) SS Deswal
For Bhoomi Infrastructure Company
